Professional Experience

WheelsEye, Gurugram — Backend Executive (AIS Certificate Team)

September 2026 – Present

- AIS Government Portal Management:** Execute end-to-end AIS (Automotive Industry Standards) compliance certifications on government portals, ensuring zero discrepancy and full adherence to transport safety norms.
- eSIM & GPS Device Activation:** Conduct technical verification and activation of eSIM modules integrated into telematics hardware, maintaining optimal device connectivity.
- Server & Port Oversight:** Monitor real-time server parameters and network port statuses, proactively troubleshooting connectivity glitches to prevent operational downtime.

- **Workflow Automation:** Developed custom internal utility tools and automated web portals, streamlining high-frequency daily tasks and reducing processing time by over 25%.
- **Data Precision & Audit:** Manage complex technical datasets across Google Sheets and internal WMS databases with 100% data accuracy.

FREELANCER WAALA — Sales Team Leader

April 2026 – August 2026

- Spearheaded outbound sales and telecalling initiatives, leading a high-output team to drive lead generation and client acquisitions.
- Implemented structured KPI tracking and personalized training sessions, consistently exceeding monthly sales targets.

BISTRO, Gurugram — Shift Manager / Team

February 2024 – March 2026

Leader

- Directed kitchen and service staff operations, prioritizing strict food safety compliance, stock audit accuracy, and operational efficiency.
- Optimized vendor ordering schedules and inventory workflows, successfully cutting operational material wastage.

ASHIRWAAD WEDDING PLANNER, Indore —

April 2021 – December 2023

Sales Coordinator & Event Planner

- Planned and executed end-to-end logistics for 50+ large-scale events, managing vendor negotiations (decor, catering, setup) within budget.
- Created detailed execution roadmaps and supervised ground operations to achieve high client satisfaction scores.

FLIPKART, Gurugram — Planning & Logistics

March 2018 – March 2021

Leader / Data Entry Operator

- Managed warehouse planning strategies, stock audit schedules, and shipping/receiving workflows using WMS software.
- Analyzed logistics throughput data to optimize manpower allocation and streamline supply chain processes.
